- Exclusive multi-active smoothing and controlling fluid.
- Protects hair from thermal shock after straightening service.
- Special Phytokeratin-based formula, heat activates and restructures the hair from the inside.
- Creates a strong cohesion with the cuticle increasing its resistance, elasticity and protects the hair against breakage.
- Split End Complex prevents split ends, eliminates frizzies and maintains perfectly smooth, soft and luminous hair.
- Ideal when used before the hairdryer or flat iron.

USAGE:

Apply evenly onto damp hair. Do not rinse.
Proceed styling with blow-dryer or flat iron.
